RESEARCH INTEREST

Health transition in less developed countries
Mortality measurement in less developed countries; Causes of death analysis
Inequalities in mental health
Prenatal sex selection

POSITIONS HELD

2006-present Researcher (Chargée de recherche) – INED, Paris

Research divisions: Mortality, Health and Epidemiology (UR5-INED) and CEPED (Population and Development Center - Université Paris Descartes - IRD - INED).

Research projects: Health transition in Western Africa: analysis from demographic surveillance systems in Senegal and Burkina Faso; Health transition and sex ratio at birth in the Caucasus; Suicide in prison in France; Vulnerability to depression in different societies (France, Burkina Faso); Demopædia, an open multilingual encyclopedia on population.

2012 Visiting scholar (Fulbright grantee) at Heilbrunn Department of Population and Family Health
Mailmann School of Public Health - Columbia University, New York City, NY – USA

Research project: Improving adult mortality estimates in developing countries: an innovative study comparing methods at individual level.

2000-2006 Research assistant (Chargée d'études) - part-time

INED, Paris (1999-2000 and 2004-2006): Chronic diseases and functional health in France; Senegal DSS management assistance; Geographic Information System in Israel and Palestine.

Committee for International Cooperation in National Research in Demography – CICRED, Paris (2000-2001): Activities of research centers in demography (database achievement, management and analysis).

EDUCATION

2006 PhD in Demography
Muséum national d'histoire naturelle, Paris.

2001 Master (DEA) in Sociology and Demography
Université Paris 10, Nanterre.

1999 B.A. (Maîtrise Sciences and Techniques) in Applied Social Sciences.
Université Paris 5, Paris.

TEACHING, OTHER SERVICES PROVIDED TO STUDENTS AND TRAINING**Courses taught**

2001-present *Health transition and mortality trends*, Master in Population and Development, Univ. Paris Descartes (coordination, 2 semesters), *Demography*, Master in Geography of Health, Univ. Paris 10 & 12 (coordination, 3 semesters); *Data collection and interpretation in Southern countries*, Master in demography Univ. Paris 1 (coordination, 3 semesters); *Applied demography using SAS*, Graduate diploma in Applied social sciences, Univ. Paris 4 (1 semester); *Introduction to Demography*, Graduate diploma in applied mathematics and social sciences, Univ. Versailles (1 semester); *Statistics using Excel*, Graduate diploma in Sociology, Univ. Paris 5 (1 semester); *Introduction to Statistics*, Graduate diploma in Sociology, Univ. Paris 10 (1 semester).

Casual lectures

2012 Counting maternal deaths in sub-Saharan Africa. A case study in Senegal. Columbia Population Research Center Seminar, Columbia University, New York.
Counting adult deaths in sub-Saharan Africa. A case study in Senegal. Population Studies Center's (PSC) Colloquium Series, University of Pennsylvania, Philadelphia & BACPOP University of California, Berkeley.

2011 Researching on a sensitive subject: suicide among prisoners in France. Master Demography, Université Paris 1, Paris.

2009 Using the verbal autopsy method in the study of mortality in sub-Saharan Africa, European doctoral school of demography, INED, Paris.
Health transition in Southern countries, Training for PhD students in population studies, CEPED, Paris.

Trainee supervisor

2009-2010 Tarik Chraïbi. Mortality analysis in the Caucasus. Master Demography (internship graduation), Université Paris 1.

2008-2009 Nicolas Bourgeois. Suicide in prison: European comparison. Master Demography (internship graduation), Université Paris 1.
Mallory Anténor-Habazac. Mental health and depression in Africa. A literature review. Master Demography, Université Paris 1.

2006-2007 Serge Faye. Reliability of malaria diagnosis using the verbal autopsy method in DSS in Senegal. Master Statistical methodology in biomedical research (internship graduation), Université Paris 11.

Trainings

2012 Training for the third Demopaedia workshop: translating the multilingual demographic dictionary in six new Asian languages, Chiang Mai.

2006-2009 Family in the South, training to INSEE, ENSAI, Rennes.

2007 MediaWiki software, training for the Demopaedia workshop UNPD-CNF-INED, Paris.

OTHER PROFESSIONAL ACTIVITIES

Referee *Population, Interrogations, Bulletin de la Société de pathologie exotique, Santé publique*

Coordination Research project Mortality and health in countries with incomplete statistics (since 2009, co-head)
Weekly INED seminars *Les lundis de l'Ined* (2010-2011)

Organization Side-meeting for the Demopaedia project, Bangkok APA (2012)
CNF scientific seminar on the multilinguism in population studies (Paris, May 2012, co-organized)
CNF round table on dependence in the context of ageing (Paris, May 2011, co-organized)
INED scientific seminar on mental health (Paris, December 2010, co-organized)
INED seminars for young researchers (2007-2010, co-organized)

MEMBERSHIP AND ACTIVITIES IN PROFESSIONAL ASSOCIATIONS

- 2009-present Board of the French Committee (CNF) of the International Union for the Scientific Study of Population (IUSSP) (secretary 2009-may 2012)
- 2009-present Member of the Population Association of America (PAA)
- 2003-present Member of the International Union for the Scientific Study of Population (IUSSP)

PROFESSIONAL HONORS, AWARDS AND FELLOWSHIPS

- 2012 Fulbright grantee (6 months)
- 2001-2004 PhD Fellowship from the French Ministry of Research (PAL+ project)

COMMUNITY SERVICE

- 2007-present Representing INED staff at the Board of administration
